The County recognizes the Essex County local unit of JNESO of the New Jersey State Nurses Association as the exclusive bargaining representative of the professional nurses, both registered or with state permit, employed by the County of Essex (excluding managerial, confidential, and all other employees) for the purpose of collective negotiations with respect to salary, hours, and other terms and conditions of employment.

2. Reference herein to the masculine gender shall also be deemed to include the feminine.

ARTICLE III MANAGEMENT RIGHTS

It is understood and agreed by the parties that management, whether it be the County, or the Chief Administrative Officer of each employing unit or of each facility wherein professional nurses are employed, possesses the sole right to operate the Employing Units or Facilities so as to carry out the statutory mandate and goals assigned by the County to the Employing Units and Facilities, and that all management rights repose in management except as expressly modified by the terms of this agreement. The County has and is vested with all customary and usual rights, power, functions and authority of management.

These rights include, but are not limited to, the right of the employer to schedule employees. In such scheduling, the employer will give due regard to the needs and personal problems of the employees affected as well as the needs and problems of the employer, other employees and the patients.

ARTICLE IV RETENTION OF EXISTING BENEFITS

Except as otherwise provided herein, all rights, privileges, and benefits that the professional nurses have heretofore enjoyed and are presently enjoying, whether County wide or departmental in application, shall be maintained and continued by the County during the term of this agreement. The personnel policies and personnel regulations currently in effect shall continue to be applicable to all professional nurses except as otherwise provided herein. In accordance with Chapter 303 of the Public Laws of 1968, any new work rule, personnel policy decision, or regulations affecting the employment of the professional nurses that are the subject of this agreement shall first be negotiated with the Union if it is to become effective during the term of this agreement.

The County agrees that it shall not discriminate against any professional nurse with respect to hours, wages, or any terms or conditions of employment by reason of his/her membership in the Association or its affiliates, his/her participation in any activities of the Association or its affiliates, collective negotiations with the County, or its institution of any grievance, complaint or proceeding under this agreement or otherwise with respect to any terms or conditions of employment.

9. Overtime will be paid in accordance with the frequency schedule heretofore in existence.

10. When an employee is scheduled to work at least eight (8) hours of overtime, and the overtime is cancelled after the employee reports for the scheduled overtime, the County will compensate the employee for two (2) hours of overtime pay.
